Principal's Message

**Principal
Mr. S. K. Giram**

It gives me immense pleasure to invite aspiring students who are keen to make a best career in technical field as a good technocrat. The diploma holders play very important role in industrial and economic developments of the country. They develop and master specialised skill in the chosen areas and provide much needed supports in any engineering establishments. Also the students having diploma in engineering provides support services in various other sectors of economy, including service sector. AISSM Society's Polytechnic is among the top reputed technical institutes imparting high quality technical education. The evolution of the institute over the past two and half decades has witnessed strong blend

of state-of-the-art infrastructure and intricately intertwined human resource committed to providing professional education with trust on creativity and innovation. Here at AISSM Society's Polytechnic, we are imparting skills and knowledge to our students in the best possible manner to make them dream about big and fulfill the same. It is rightly said that a dream becomes a goal when the action is taken towards its fulfilment, and we are committed to providing optimistic, independent, compassionate, life-long learners and leaders who will bring glory to the institute, state and the nation. We at AISSM Society's Polytechnic take every care to fulfil the hopes and aspirations of

all students by providing them the best physical and academic infrastructure needed to make them competent technical professionals. Our outstanding faculty adds value to our best endeavor to provide technical knowledge to our students in the interest of all the stakeholders in the country. I take this opportunity to acknowledge the extreme hard work put in by our dedicated staff, by working round-the-clock to keep our college at the zenith of success. I Welcome you all to join our institute and make a best career in life. **"The tradition of excellence is ours, the choice is yours."**

Personality Development program

First Year Mechanical Engineering Student in Personality Development Program

Personality development is a full-fledged course as people have started understanding the importance of this in the true sense. With the help of good training a child or an adult can learn communication skills, different subjects, driving or computer operating. Similarly, training in personality development enhances the general as well as unique traits of a person that is required for differentiating a person from another. A teacher of personality development helps a person to get

positive thought pattern, gain confidence, improve behavior, learn better communication and develop a healthy physique.

With this motive AISSMS's Polytechnic is tie up with the Institute of Holistic Healing India, Pune and conducted various personality development programs for as well as for faculty.

These programs cover the various aspect of personality development like as: Knowing your personality, Communica-

tion skill, Time Management, Aptitude Training, Interview Technique, Resume Writing and much more for students.

For the faculty motivation we have conducted personality development program on Team Building, Leadership, and Time Management for Teaching and Non-teaching staff. Apart from this polytechnic is going to provide professional counseling to student and staff at individual and group level.

Entrepreneurship Development Program

An education system that highlights the importance of Entrepreneurship should be created, former President A P J Abdul Kalam said on Monday, March 12 2013. "In the present context, the education system has to be designed to see that we generate a large number of employment generators and not employment seekers," Kalam said, addressing students on

the occasion of IIT-Bombay's 54th Foundation Day. To complete this statement AISSMS's Polytechnic is going to arrange Entrepreneurship Awareness Camp in collaboration with Devine Cooperation, Pune. This EAC program is sponsored by Department of Science and Technology, Gov. of India. Like every year, in this academic year, we have plan to conduct EAC pro-

grams for final year students.

These Entrepreneurship Awareness programmes are sponsored by Entrepreneurship Development Institute of India and Department of Science and Technology, Government of India.
