About Information Technology Department

We started our journey in the year of 2001.

Innovation with intellectual mind is essential in order to become a talented IT professional. The world of education is changing as the modern world continues to grow. In this modern day and age, information technology plays a big role. Information Technology is one of the most promising and rewarding field. Information technology is the study and use of systems for storing, retrieving, and sending information. This can include software, hardware, applications, and so much more. Business, education, and even healthcare have all been redesigned, thanks to information technology. Due to the importance and reputation of IT, the present age is sometimes referred to as information technology age.

ME(Computer)

I/C HOD Information Technology Department

It gives me immense pleasure to lead the department of Information Technology. An Information Technology degree is one of the most aspired degrees today for both undergraduate and post graduate students. Information Technology can be used widely in all the sectors of the economy and even in the education sector so it has become the most preferred career option all over the world. It offers a bright future for the innovative and growth oriented students. One of our main objectives is to overcome the gap between theories and practical that will help them to become career-oriented and to work at global level. The motto of our department is to provide quality education. Our Academic Staffs are all well qualified in the relevant areas. Academic standards, practical work, self-discipline and responsibility are the some key parameters as far as the Department is concerned. I wish all the Students and Faculties a great academic career.

Teacher's Day Celebration

Teachers' day is celebrated by information technology department students on 5th September 2021, the birthday of the former President Sarvepalli Radhakrishnan, a well-known scholar, teacher and promoter of education. On this special day, students celebrated the contribution of teachers.

Engineer's Day

On 15 September every year as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. His birthday, 15 September is celebrated as the Engineers day by IT department & this event celebrate with Quiz competition of students.

Induction Program for First Year

The main purpose of induction Program is to integrate new students into the department and make them understand the systems and procedures followed by the organization. Induction training helps new students settle down quickly in the new college environment, and gives them a sense of belonging, for these our department organized induction program for first year students on date

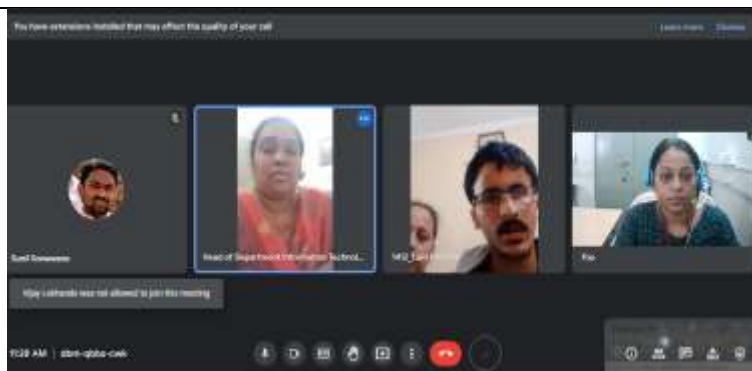

Guest Lecture

Information Technology Department has organized Guest Lecture on Database Security and Transaction Processing in association with IQVIA, Pune. Mr.Nitin D.Magdum from IQVIA, Pune has highlighted the importance of database security and how it is essential nowadays. Sir has also explored the concepts of Transaction Processing to preserve database integrity. This guest lecture would certainly help the student to understand database concepts from a new perspective.

Parent Teachers Meeting

During this academic year Coronavirus Pandemic due to this reason , Information Technology department invite parents to come in for regular parent-teacher meetings on platform of virtual parent meet . In odd semester we held meeting on google meet . Duration of this meet is 25/11/2021. At the time of Parents meet HOD is present.

Alumni Meet

Department of Information Technology has organized a Virtual Alumni Meet. Alumni from the 2007 to 2019 batch were present for the meeting and they shared their experience with the IT department and guided the third students for their career. That event on 4/12/2021

Virtual Industrial Visit

Learning isn't just about taking classes; it's about acquiring skills. AISSMS Polytechnics with the assistance of Quickyes Infotech Pvt. Ltd. is conducting a "Virtual Industrial Visit" for the Second Year Diploma Students from the Department of Information Technology on 15th December 2021. This program aims to provide students with an insight into the business world with an academic background, so they will be better equipped to handle the challenges of the workplace.
