Civil Engineering Department had Celebrated Teacher's day online on 5th September 2021 as "Students act as Lecturer for one day" under IEI student chapter.

PRINCIPAL'S MESSAGE

Principal
Mr.S.K.Giram

It gives me immense pleasure to invite aspiring students who are keen to make a best career in technical field as a good technocrat. The diploma holders play very important role in industrial and economic developments of the country. They develop and master specialised skill in the chosen areas and provide much needed supports in any engineering establishments. Also the students having diploma in engineering provides support services in various other sectors of economy, including service sector. AISSM Society's Poly-

technic is among the top reputed technical institutes imparting high quality technical education. The evolution of the institute over the past two and half decades has witnessed strong blend of state-of-the-art infrastructure and intricately intertwined human resource committed to providing professional education with trust on creativity and innovation. Here at AISSM Society's Polytechnic, we are imparting skills and knowledge to our students in the best possible manner to make them dream about big

and fulfill the same. It is rightly said that a dream becomes a goal when the action is taken towards its fulfilment, and we are committed to providing optimistic, independent, compassionate, life-long learners and leaders who will bring glory to the institute, state and the nation. We at AISSM Society's Polytechnic take every care to fulfil the hopes and aspirations of all students by providing them the best physical and academic infrastructure needed to make them competent technical professionals. Our outstanding faculty adds value to

our
best

HOD DESK

Department of Civil Engineering is one of the latest branches of Engineering in modern era of technology. It is rapidly growing field with a wide range of job opportunities.

The Technical Education Department aims towards making available the trained and technically qualified hands to serve the industry & society. We are working hard to improve upon the quality of education.

The department organizes Workshops, Expert Lectures, Seminars, Industrial visits and extracurricular activities from time to time to provide our students and faculties to interact with their peers from across the country. Our students are trained to develop a balanced personality and will prove to be an invaluable asset to an organization

"CENTER OF ACADEMIC EXCELLENCE"

Celebration of Teacher's Day -2021

Civil Engineering Department had Celebrated Teacher's day online on 5th September 2021 as "Students act as Lecturer for one day" under IEI student chapter.

It's a well-known fact that every year we celebrate 5th September as teachers day in memory of Dr. Sarvepalli Radhakrishnan. From last one year, it is little difficult due to pandemic situation, but still all the teachers are working very hard and conducting online classes and trying their level best for their students.

Vedant Jadhav & Spandan Gaikwad from TYCE and Ahalam Sayyed & Rushikesh Shitole from SYCE expressed their views and importance of Teachers day. About 15 students conducted online lectures with PPT presentation. All faculty members appreciated students for their performance and presentation.

The Engineering Community across India celebrates Engineers Day on 15 September every year as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya.

Civil Engineering Department had Celebrated Engineer's day online on 15th September 2021 as "Students act as Lecturer for one day" under IEI student chapter.

During covid-19 pandemic situation we are taking proper precautions and trying to keep ourselves fit whether it is physically or mentally. During lockdown situation we are doing our daily personal, academic and professional tasks. We should try to find some quality time for our self. Let's take this opportunity to nurture our hobbies create new interests for stress and fear relief, in this uncertain conditions.

There is no greater peace of mind than discovering your-

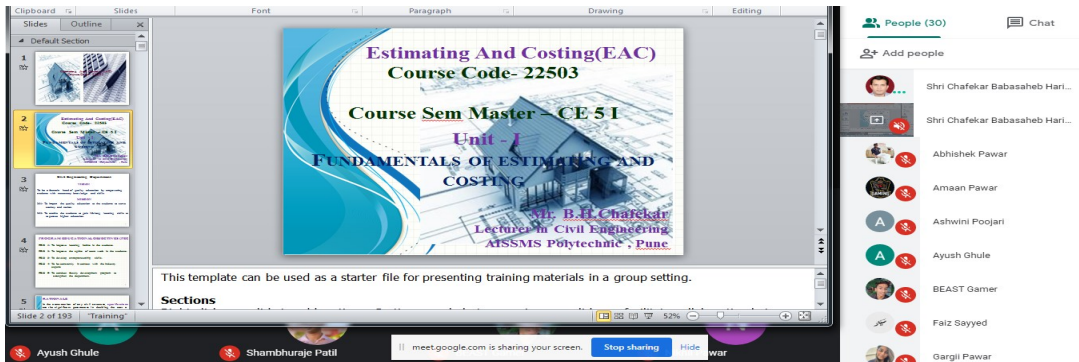

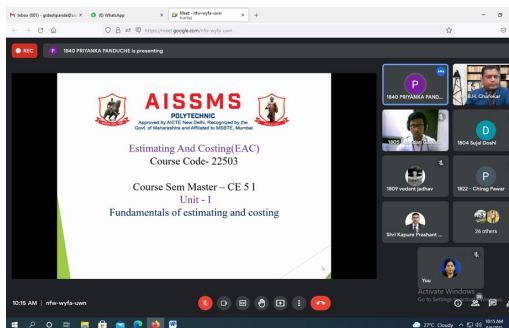

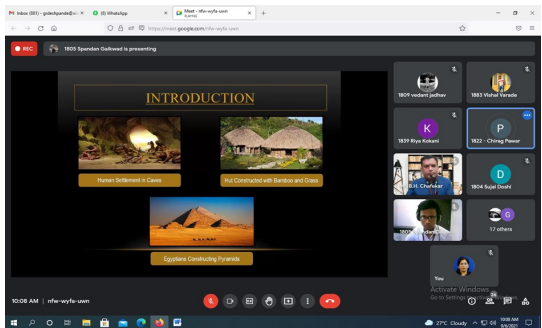

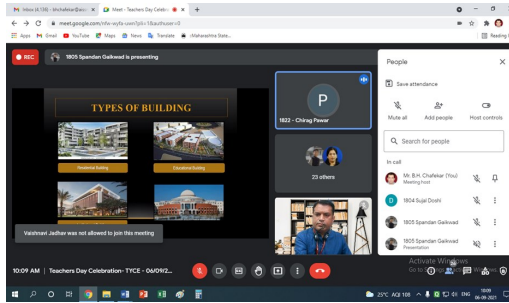

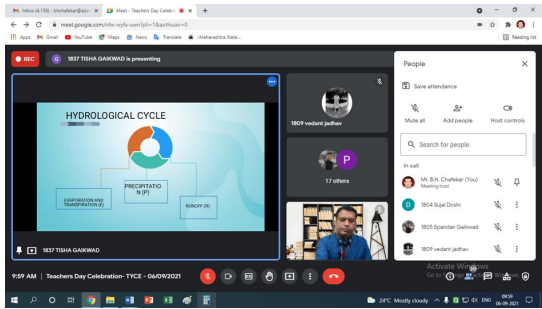

self. Don't wait for big opportunities you can create small but wonderful once by starting with what you have. Learn the things you had always wanted to. Do yoga, meditation to keep mind and body calm. Upgrade your professional skills by joining some courses online which will keep you competitive. Also spend some quality time with family.

Life is a do it yourself kit so do it yourself! Do what you can with what you have and do it now!

When you literally want to achieve something, try things honestly. You follow it with your heart without giving up. Motivate yourself, push yourself to the limits until succeed. Maybe for sometimes things may not happen as you plan but keep trying with some modification you will definitely get success in it.
