PRINCIPAL'S MESSAGE

Principal
Mr.S.K.Giram

It gives me immense pleasure to invite aspiring students who are keen to make a best career in technical field as a good technocrat. The diploma holders play very important role in industrial and economic developments of the country. They develop and master specialised skill in the chosen areas and provide much needed supports in any engineering establishments. Also the students having diploma in engineering provides support services in various other sectors of economy, including service sector. AISSM Society's Poly-

technic is among the top reputed technical institutes imparting high quality technical education. The evolution of the institute over the past two and half decades has witnessed strong blend of state-of-the-art infrastructure and intricately intertwined human resource committed to providing professional education with trust on creativity and innovation. Here at AISSM Society's Polytechnic, we are imparting skills and knowledge to our students in the best possible manner to make them dream about big

and fulfill the same. It is rightly said that a dream becomes a goal when the action is taken towards its fulfilment, and we are committed to providing optimistic, independent, compassionate, life-long learners and leaders who will bring glory to the institute, state and the nation. We at AISSM Society's Polytechnic take every care to fulfil the hopes and aspirations of all students by providing them the best physical and academic infrastructure needed to make them competent technical professionals. Our outstanding faculty adds value to

our
best

HOD DESK

Department of Civil Engineering is one of the latest branches of Engineering in modern era of technology. It is rapidly growing field with a wide range of job opportunities.

The Technical Education Department aims towards making available the trained and technically qualified hands to serve the industry & society. We are working hard to improve upon the quality of education.

The department organizes Workshops, Expert Lectures, Seminars, Industrial visits and extracurricular activities from time to time to provide our students and faculties to interact with their peers from across the country. Our students are trained to develop a balanced personality and will prove to be an invaluable asset to an organization

FUNFAIR 2023

PAGE 5

Fanfair was arranged for the student of AISSMS Polytechnic as a extra activity. This program was arrange to motivate the student to groom their skills.

This event was organized by Civil Engineering Department. All students and staff of all department took participation with great excitement in their box cricket event. Also there was an exciting match between our Principal sir and HOD sir of Civil Engineering department.

BOX CRICKET

“ INDUSTRIAL VISIT Transfer Station at Yerawada”

Civil Engineering Department organized Technical Industrial visit to Yerawada Transfer Station to explain various treatments for solid waste under municipal governance. It is useful for third year students for course of Solid waste Management.

Students got knowledge for various treatments for solid waste and its separation under municipal governance. They also got various companies working in the field of Solid waste Management.
