Placement Facilities

AISSMS Polytechnic has effective Training and Placement Cell which conducts various activities for career guidance, training and placements.

Following facilities are provided to the students under Carrier Guidance, Training and Placement:

Soft Skill Training.

Present study takes the students on a path towards acquiring hard skills – the specific technical skills the students need to do their jobs. In addition to hard skills, the soft skills are also equally important in industrial atmosphere. Here are the reasons why soft skills are more important:

- Hard skills are ineffective without soft skills
- Soft skills are harder to learn and acquire

- The modern workplace needs interpersonal skills
- Customers/ external stockholders demand soft skills
- The future workplace relies on soft skills

Mock Interview to prepare the student for placement:

Mock interviews are conducted on regular basis in the institute. This activity helps the students to gain the confidence for facing the final interview.

Guest lectures from Industry and academics for career guidance:

The institute gives career guidance to all the final students. This helps the student to identify opportunities and choose the correct path.

Industrial Visits:

The T&P cell takes the initiatives in identifying the suitable industries and arranges the industrial visits in coordination with the concerned program. This helps in providing exposure to the students' to real industrial atmosphere.

Industry related projects:

The T&P cell coordinates with various programs to identify and complete industry related projects of the final year students.

In-plant Training:

In-plant training is important for engineering student as it gives industry exposure to them while studying. It also adds credit to the students during their placement.

Placement:

The primary goal of the placement cell is to provide a capable manpower to the industry at supervisory level. Our Placement Cell is actively involved in co-ordination with all the departments to build the necessary capabilities in our students to work in various organizations.
