PROJECTS

Hospital Management system , January 2024 - May 2024

- A Hospital Management System (HMS) project using HTML, CSS, Java, Spring Boot, and SQL would involve the development of a comprehensive web application to manage the administrative and clinical aspects of a hospital.

Parkease pro, June 2023 - April 2024

- The Parking Solution System is a web application .The front-end interface, which I'm handling, is built using HTML and CSS, ensuring a user-friendly and responsive design. The back-end is developed using ASP.NET, enabling robust server-side operations and database interactions.
