Dynamic and dedicated professional with experience in both industry and academia. Started career as a **Trainee Engineer at Think and Learn Pvt. Ltd.**, gaining hands-on exposure to software development and problem-solving. Currently working as a **Lecturer at AISSMS Polytechnic, Pune**, delivering subjects like Programming, ICT, and Engineering practices with a focus on student engagement and skill development. Strong passion for teaching, mentoring, and applying technical expertise to bridge the gap between theoretical knowledge and practical application.

📁 Professional Experience

AISSMS, Polytechnic, Lecturer

01/2024 – Present | Pune

- Teaching subjects such as **Programming in C, Java, Fundamentals of ICT, and Engineering Workshop Practice** to diploma engineering students.
- Worked as **Class Teacher for First Year students**, managing academic coordination, student progress tracking, and counseling.
- Designing lesson plans, lab sessions, and assessments to ensure effective learning outcomes.
- Mentoring and guiding students in academic projects, technical skills, and career development.
- Actively contributing to academic administration, examination duties, and departmental activities.
- Encouraging innovation and practical learning by bridging classroom teaching with industry applications.

Think and Learn Pvt Ltd., Trainee Engineer

07/2022 – 08/2023 | Bangalore

- Gained hands-on experience in **software development, testing, and debugging**.
- Assisted in designing and maintaining code for educational technology applications.
- Collaborated with senior engineers to learn industry best practices and agile methodologies.
- Enhanced problem-solving and analytical skills by working on real-time technical challenges.
- Developed a strong foundation in programming, logical thinking, and application of engineering principles.

🎓 Education

Master of Engineering, Savitribai Phule Pune University

08/2024 – Present

Specialization: Computer Engineering

Bachelor of Engineering, Savitribai Phule Pune University

08/2018 – 05/2022 | Pune

Specialization: Computer Engineering

🧠 Skills

: Programming & Development: C, Java, Software Development, Testing, Debugging | **Teaching & Academic Management:** Curriculum Design, Lesson Planning, Student Mentoring, Class Teacher Coordination | **Technical Skills:** Fundamentals of ICT, Engineering Workshop Practice, Problem-Solving, Logical Thinking | **Soft Skills:** Communication, Team Collaboration, Academic Counseling, Leadership, Student Engagement | **Professional Practices:** Agile Methodologies, Project Guidance, Examination & Academic Administration

📁 Projects

SMART E-HEALTH SYSTEM: Machine learning based e-health system for diseases prediction ☑

Journal of Emerging Technologies and Innovative Research (JETIR), Vol. 9, Issue 6, June 2022. *Developed and evaluated machine learning models (Multilayer Perceptron, Support Vector Machine) for early diabetes prediction using UCI healthcare dataset, achieving high accuracy in risk identification.*
