Awards/Achievements

Research

Optimizing Automotive Silencer Durability: Thermal Analysis to Mitigate High Temperature Failures

Publications

- 1) Optimizing Automotive Silencer Durability: Thermal Analysis to Mitigate High Temperature Failure
Open Access Research Journal of Science and Technology
Volume (17) Issue (2) 2026.
- 2) Heat Induced Damage Prevention in automotive silencer A thermal Study
Vesper Journal
Volume (9) Issue (12) 2026

Course/Seminar/Symposium/Work shop attended

- 1) Optimizing Automobile Silencer Durability Thermal Analysis to Mitigate High Temperature Failure
International Conference on Recent Advances in Engineering and Sciences 2K25.
- 2) Optimizing Automobile Silencer Durability Thermal Analysis to Mitigate High Temperature Failure
5th National Conference on Innovation in Engineering and Technology (NCIET 2025)
